Tannery Union Gains Victory In Compromise

Settlement of Strike Effected, Plants Resume Work

Smoke billowed from stacks at Redwood City's two tanneries again today as the strike which for two weeks had tied up this city's second largest industry came to an end and the leather-manufacturing plants resumed full-scale operations.

A settlement of the wage dispute which had brought a walkout May 2 was reached late Tuesday.

Although a compromise was effected, the settlement was in reality a victory for the Amalgamated Meat Cutters and Butcher Workmen's Union of North America, Local 516, to which the nearly 150 local workers belong.

SUBSTANTIAL INCREASES

Laborers in the tannery were granted a wage increase from 58 to 61 cents an hour and mechanics were granted a flat 10 per cent increase in pay. The union had asked 62½ cents for laborers and a 12½ per cent boost for the mechanics.

Operator Henry A. Beeger of the Beeger Tanning Co. and Manager Frank G. Marcus of the Frank Tanning Co., the two firms which had been forced to cease operations, effected the compromise agreement with General Organizer Joseph Y. Henderson, Business Agent Jack Donnelly and Pres. John Feely of the union after the San Francisco Employers Council had failed to settle the dispute.

The compromise offer was submitted to the union in the late afternoon and then overwhelmingly ratified by the tannery workers, who finished voting shortly after 5 p.m.

Milton S. Maxwell of San Francisco, international vice president of the AFL union, gave his approval, whereupon pickets were ordered withdrawn from the plants and work ordered resumed this morning.

ONE-YEAR CONTRACT

A one-year contract providing for a 40-hour week and union shop was to be signed today. Previously, Beegers firm worked 44 hours weekly; the Frank company, 40. The wage question had been the only point of dispute.

The strike, first to hit Redwood City tanneries since 1903, lasted the longest of recent industrial difficulties here except for the Golden State Mushroom Co. walkout last year, which brought closing of its Redwood City plant. The Pacific Portland Cement Co. and Plant Rubber & Asbestos Works both suffered short shutdowns.

Operators of the tanneries said the two-week shutdown would not cause loss to them other than that of production. Skeleton crews of the union processed perishable leather after the walkout was voted. Some $7000 in wages was lost by the 150 workers, since the tanneries are not required to pay the men for the time they did not work. However, the unions paid benefits of $10 to married men and $5 to single men last Monday, and will gain a total of about $250 weekly on hourly rates of pay due to the increase.

VEGETABLES FIT FOR A KING TAKEN FROM PENINSULA FARMS

England's Rulers To Feast on Extra Fancy Products Secured at Colma

San Mateo County's boast that its produce is suited to a king's taste was made good today. Delectable, extra fancy vegetables for King George and Queen Elizabeth and the royal party now en route to Canada were being selected and packed at Colma today.

The commission to supply the royal party was given to the Pacific Fruit & Produce Co. of Vancouver, B. C. The company's representative, according to Agricultural Commissioner Max J. Leonard, has been selecting romain lettuce, escarole, endive, water cress, and red radishes from Colma ranches for the past week.

Money is no object, Leonard was informed, and all produce must be of the highest quality, uniform size, and perfect pack.

The produce will be rushed to Vancouver on refrigerator express cars, and sent to Ontario, Quebec and other points, some by plane, to be ready for the king and queen on their westward trek across Canada, Leonard said.

Most of the vegetables for the salad bowl of the king and queen will come from the ranches of Siri Bros. and Joseph Cresta, according to Leonard.

Non-Citizens Rapped Here

Declaring that "there isn't any room in this country for the type of citizenship" represented by the German-American Bund, Communism or any other subversive group, Herold M. Harter of Toledo, O., national secretary of Exchange Clubs, Tuesday in Redwood City urged Bay region Exchangites to adopt programs looking toward the promotion of Americanism.

In a forceful address before more than 70 members of clubs from Alameda, San Francisco, San Bruno, Palo Alto, Salinas, San Jose and Redwood City, the "big boss" of Exchangism, in California to attend last week's state convention in Stockton, soundly condemned foreign leaders of anti-American movements, and particularly flayed Harry Bridges, non-citizen leader of the CIO in San Francisco "who should have been deported a long time ago."

The speaker urged Exchangites to "hammer away" at their task of teaching Americanism, "in the churches, in the schools, in public forums, in your Exchange Clubs."

"Let us not necessarily condemn un-Americanism and subversive activities; let us not defend Americanism, but let us teach Americanism to our boys and our girls—our citizens of tomorrow—to increase their steadfastness and loyalty so they'll be interested only in Americanism," he pleaded.

It is particularly fitting, Harter explained, that Exchange—a national organization only — should undertake such a program.

"We are wholly American," he added.

Previously, Dr. W. J. Eilerts of Wichita, Kan., who also came to California to attend the state convention, had urged adherence to the ideals of Exchange, and had paid high compliment to the reception given him in California.

Clive Saiz, governor of district 5, presided, and introduced also A. Brooks Berlin of San Francisco, immediate past president of California Exchange Clubs; Al Davis of Salinas, governor of district 6; Capt. A. C. Barclay, extension service worker who formed eight new clubs in California with a membership of 365 in the past year.

Pres. K. W. Van Gundy of the Redwood City club opened the meeting. Robert (Legs) Lucier entertained with a humorous monologue. A highly-enjoyed moving picture in color of the Di Giorgio ranch in Kern County was presented through courtesy of the Union Ice Co. The session was held in Cafe de Paris.

K. of P. To Gather At Fair on Friday

Knights of Pythias from San Mateo County will join with the K. of P. order from throughout California at Treasure Island on Friday for a gala diamond Jubilee Celebration in observance of the 75th year of the lodge.

Knights of Redwood Lodge 82, the county organization, and sisters of Burlingame Temple 52, also representing the county, will meet with groups from Palo Alto, San Jose, Centerville and San Francisco and will attend programs in a group.

Council Seeks Means to Abate Bungalow Unit

Grand Street Court, Other Buildings Vex Board

That Redwood City is suffering acutely from growing pains was forcefully evidenced to the city council again Monday night.

Although recognized as a healthy condition in some respects, the situation caused considerable anguish to the "fathers" of the city for the biggest part of a three-hour session in the courthouse—next to the final meeting to be held there inasmuch as the city hall is expected to be ready for use by the time of the June 19 meeting.

A half dozen building ailments came up for treatment and despite the holding of consultations and the suggesting of various panaceas, considerable of the pain seemed to remain as the session broke up, with only time appearing to be the one remedy which will effect a final cure.

REZONING APPROVED

Principal distress centered around the much-discussed bungalow court being built by L. G. Hersey adjacent to the R. D. Raines home at 346 Grand St.

Although the council took action to rezone the Central Park district, in which the Raineses live, into Class 1 residential zone, thereby prohibiting the building of any more multiple-family dwellings, the soreness from the existing structure, it was disclosed, was causing considerable pain.

Raines submitted a letter, which upon reading was roundly applauded, that severely criticized the "four very unsightly buildings" and requested that the council "take immediate steps to have these obnoxious buildings removed; otherwise it will be necessary for me to seek redress through the law."

SYMPATHY—BUT NO REMEDY

He met immediate sympathy from all members of the council, but none could offer a remedy, nor could City Atty. Albert Mansfield or any other city official.

"I think the gentleman is right," ejaculated Councilman William Hohn upon hearing Raines' letter read.

"He's more than right," added Councilman Evans A. Fletcher.

"Every time I go by those places, I get a nausea," was the reaction told by Councilman Harold F. Anderson.

Then he added: "If there are violations we can control, I'm in favor of doing anything we can."

"We all are of the same opinion," declared Councilman Paul A. McCarthy. "But I'm convinced we have no legal method of proceeding."

LAW NOW FOLLOWED

City Manager C. L. Dimmitt confirmed the fact that although there had originally been building law violations—the bungalows first were set only 7 feet, 6 inches apart while the law requires 8 feet—he said that corrections had been made.

Attorney Mansfield, in answer to a question, said that the council could not regulate the architecture of such buildings.

Raines suggested prosecution of Hersey for original violations, but Councilman McCarthy, acting as spokesman for the board, explained that the law did not contemplate prosecutions where corrections were made of violations.

"We are quite helpless. I know of nothing to do to ameliorate the situation," said McCarthy, himself a prominent attorney well versed in municipal law.

Mrs. Raines herself, explaining that value of their home had been greatly depreciated, pleaded with the council to do something. Declaring that "we're fighting for our home and happiness — and we're not happy now," she asserted she believed that Hersey's original building plans had not been followed and that he could not place four 20-foot square houses on the 130-foot lot and allow sufficient room for setbacks.

Considerable discussion on possible means of forcing removal of the structures was followed by the flat declaration by the council, spoken by Councilman Anderson, that:

ASKS ANYONE'S AID

"If there is anything we can do legally to tear down the houses, we'll do that."

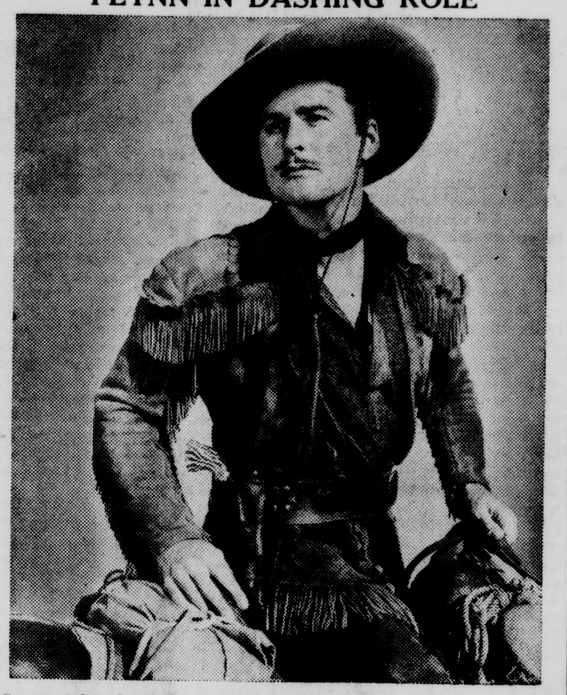
He added that "we hear the question asked: 'Why doesn't the council DO SOMETHING about it?'"

"If there is any person in the audience or in Redwood City or anyplace who can show us anything legal that we can do about this, we'll do it."

Approval of the stand was signified by other members of the council, although it was plain they would not authorize expenditure of city funds to purchase the homes and remove them.

The buildings were set under way before citizens of the district realized that such structures could be erected in a Class 2 residential district. When they learned it, they began action to have the area rezoned, and formed a Central Park Improvement Club, with A. H. Morgan Jr. as president, to watch such matters in the future.

FLYNN IN DASHING ROLE



So great has been the reaction to the original showing of "Dodge City" at the Fox Sequoia Theater, that Manager Hal Honore' has booked this beautiful technicolor hit for a return engagement, one night only, Wednesday, May 24th. Starring Erroll Flynn, and Olivia deHavilland, this is named as the greatest outdoor action hit so far.

Mrs. Herrscher Wins $121,000 Tax Appeal

A decision which not only saves a former Peninsulan $121,000 but is of far-reaching importance because of the precedent it sets has been returned by the United States Board of Tax Appeals.

The board has held that the half-million-dollar marriage settlement received by Mrs. Fannie May Herrscher at the time of her divorce from Charles S. Howard of Hillsborough, wealthy San Francisco automobile dealer and owner of the race horse Seabiscuit, is not subject to income tax.

According to the board's ruling, money coming to wives in this manner is not income but personal property to which the wives are entitled under the community property laws of the state.

Atty. Emmett B. Hayes, counsel for Mrs. Herrscher, said the ruling, announced in Washington, D. C., will save his client about $121,000. The tax hearing was held in Los Angeles last June.

Mrs. Herrscher was divorced from the automobile dealer in 1931. Her present husband, Edmond E. Herrscher, is a prominent San Francisco attorney.

REDWOOD CITY NATIVE DIES

BURLINGAME, May 16—James Heaney, Burlingame plumber who was born 51 years ago tomorrow in Redwood City, died yesterday—on his 18th wedding anniversary. He had lived here 20 years. His wife survives.

Banker's Auto Fatally Injures Man in S. S. F.

While three prominent Hillsborough residents looked on in horror, a 45-year-old San Francisco laborer stepped before their car and was fatally injured Monday night.

The accident occurred near midnight at Bayshore Hwy. and Grand Ave., South San Francisco, when the chauffeur-driven sedan of Joseph O. Tobin, socially prominent banker, struck and fatally injured William Walsh, San Francisco.

Driver of the death car was Robert Davidson of Burlingame. Police said the accident was unavoidable; that Walsh apparently stepped in the path of the machine.

With Tobin in the rear seat of the car were two members of the Tobin family, police said. Their names were not secured.

Walsh died about 12:30 o'clock this morning at South San Francisco Hospital, where his injuries were listed as a fractured skull, fractured shoulder, fractured jaw, deep head cuts and general body bruises.

His death was the 25th of this year on San Mateo County highways, as compared with 17 at this date last year.

INVALID TAKEN BY DEATH

BURLINGAME, May 15—Four years of invalidism terminated here yesterday in the death of Anthony A. Whitten, 81, for the past 15 years a resident of Burlingame.

Apartment Periled By Fire in Basement

Smoke which billowed from the basement up a rear stairway to the top of El Centro Apartments, Birch and Whipple Ave., at 5:40 p.m. Tuesday brought the fire department hurrying to the scene, to find that some rags and miscellaneous equipment in a basement storing closet had been ignited by spontaneous combusion.

Damage from the flames was negligible, firemen said. Smoke damage did not exceed $15, it was estimated. Manager of the apartment house is Mrs. Alma Atkinson.

Woodside Woman Wins Substantial Alimony Payment

Irma B. Mallory, whose husband kissed her and sued her for divorce on the same day, has exacted heavy financial payments from her estranged mate, Frederick B. Mallory, wealthy San Francisco and Woodside investment broker.

Under an order signed by Judge Maxwell McNutt, Mallory was ordered to pay:

1. Temporary alimony of $750 a month.

2. Rental at $350 a month for his wife's swank San Francisco apartment.

3. Fees for her attorney, $4500, "on account."

4. Court costs, $1000, also "on account."

The payments, stipulated to by Mallory, were the price of relinquishing a restraining order secured by Mrs. Mallory on her cross complaint, filed two days after her husband's complaint. The order tied up his assets and income, and ordered him to show cause why a receiver should not be appointed.

Under terms of the new order, banks, insurance companies and stock brokers may deposit Mallory's income in the Bank of Montreal, San Francisco. From the bank Mallory may withdraw $2250 monthly, from which he is to pay $1100 to his wife for alimony and rent. The balance he is allowed to apply to his office and personal expenses.

Mallory may also withdraw $4500 for her attorneys, Cullinan, Hickey & Cullinan, $1000 for court costs, another $1000 for current bills, and $4500 for his own attorney, Oliver Dibble.

No other withdrawal will be permitted except by consent of the wife, the court ruled.

According to Mallory's stipulation, the order modifying the temporary restraining order waives none of his rights at the hearing on the restraining order set for May 29.

The Mallorys were married at Seattle in 1925. In 1934 they signed an agreement, which Mrs. Mallory submitted with her cross-complaint, which declared all their separate property to be community property.

Mallory filed suit for divorce, charging cruelty, May 3, declaring there was no community property.

Two days later came the cross-complaint alleging there was a milliondollars in community property, and charging Mallory with intemperance and cruelty.

She declared that Mallory delivered in person a letter addressed to her May 3, in which he sought to cancel the 1934 agreement. She said he kissed her goodbye and failed to return. Later the same day he filed the divorce complaint.

She estimated his income at $50,000 per annum.

Richfield Gasoline Is Proven in Tests

According to Richfield engineers, one of the most exhaustive tests ever made of car and gasoline performance was completed over a period of 65 days in the Coachella Valley where 16 gasolines were tested in 92 per cent of the types of cars on the road today. This research, according to its director, Larry Grunder, has antiquated former laboratory testing methods by proving a fuel's value in cars identical in types and condition to the motorists'.

According to Grunder laboratory tests on octane rating may not be at all indicative of a gasoline's road performance. He says, "We found some gasolines excel in city driving but fall short of perfection at high speeds; on others the reverse is true. Our research was directed towards a gasoline that performed equally well for city and highway driving. We found this in our test gasoline Number 8 which is now the New All-Time Hi-Octane."

Frank S. Arsenio Is Taken by Death

A long illness ended in death Sunday for Frank Silva Arsenio of 1145 Cleveland St., a resident of Redwood City for the past three years.

Mr. Arsenio, who was 76, was a retired rancher. He was a native of Angra, Azores Islands. He belonged to the IDES society in Modesto.

Surviving him are his wife, Emilia Arsenio, and the following children: Lillian Arsenio, Mrs. Marie Kemm and Mrs. Virginia Nesvoldt of San Francisco; Mrs. Eva McGregor of Menlo Park; Anthony and William Arsenio of Redwood City; Frank Arsenio of Modesto; Joe Arsenio of Ukiah; Henry Arsenio of Riverdale.

One out of every 37 persons in the United States is a criminal, according to the law enforcement committee of the American Bar Association.

MENLO PARK NEWS NOTES

DOYLE-ARSENIO RITES

MENLO PARK, May 19—Invitations have been sent to friends of Mr. and Mrs. John Doyle of Menlo Park for the wedding of their daughter, Miss Mary Beatrice Doyle, and Anthony Ernest Arsenio, which has been set for June 3 at 3 p.m. in the Church of the Nativity, Menlo Park.

The bride-elect was born in Menlo Park. She was graduated from St. Joseph's School and Sequoia High School. Her fiance is a resident of Redwood City.

Following their marriage, the couple will establish their home in this city.

The fire department was called out Saturday to extinguish a small grass fire on the O'Kane estate which adjoins the Corpus Christi Monastery. Very little damage was done.

In Mission Dolores Church, San Francisco, last Monday Mrs. Leah Lampard and Joseph Graham were united in marriage. Only a few intimate friends attended the wedding. The pretty and winsome bride is a daughter of Mr. and Mrs. Elmer Carter of Menlo Park.

The committee having in charge the collection of funds for the building of a modern gymnasium at St Joseph's School reports the sum of $6000 has been subscribed, leaving a balance of $2000 to be raised. Plans are being prepared and work on the structure should be started within 30 days. All subscriptions should be sent to the treasurer, J L Johnson, Bank of America, Menlo Park

Edward Derry, the local feed and fuel magnate, has the contract to furnish the hay to the Cavalcade of the Golden West at Treasure Island. His big trucks leave here very early in the morning, for 5 o'clock is the zero hour for large conveyances to go over the San Francisco Bay Bridge. Derry is a wizard as a businessman. Last Summer when hay was cheap he purchased nearly all the crop in the East Bay area and stored it here. Now the price has doubled and Derry is unable to meet the big demand for his product.

Wild pigeons that arrived here last December still linger with us although the birds generally depart for their northern home in early Spring. Sportsmen attribute this to the cool weather that is prevailing in the community. The birds usually nest in the tall redwoods in the North and rear their young there. The delayed flight may cause some of the birds to nest here. This would be a biological phenomena.

Dr. and Mrs. Guy Manson and their young son, Billy, of Fresno were the dinner guests of Mrs. Manson's sister, Dorothy Fredericks, on Monday. They were here on a visit to their son, Peter, who is a student at Stanford, which Billy will enter next year. Mrs. Manson is the former Beatrice Bruce, a Menlo Park belle 20 years ago. She is accounted one of the prettiest club women in Fresno.

John F. Scrabo, the four-month-old son of Mr. and Mrs. J. Scrabo of Portola, was baptized in the Church of the Nativity by Father Thomas McKeon on May 7. The boy has the distinction of being the first to be baptized at the new baptistry, installed recently at the corner of the church. His mother, the former Aileen Paris, was baptized in the same church by Father McKeon and there received her first Holy Communion and was confirmed under instructions from Father McKeon, when he was assistant pastor here some years ago.

PENINSULANS TO BUILD $100,000 AIRPLANE FACTORY AT MODESTO

Peninsula capital will aid in financing a $100,000 airplane factory at Modesto to construct commercial planes, according to an announcement made in the San Joaquin Valley city.

Lloyd Stearman of Burlingame, vice president of the newly-organized Transair Corp., said that construction of the factory there will begin within a few weeks. Stearman until 10 months ago was in the Stearman-Hammond firm of South San Francisco.

The company, with F. L. Hewitt of San Francisco as president, expects to have production started by Fall on a tri-motor type commercial transport plane which will have a capacity of 20 passengers and crew members and a speed in excess of 200 miles an hour. Initial output will be one plane every two weeks.

Other officers of the company are Mrs. Alberta Ryan, Hillsborough, and James Macey, San Francisco, vice presidents; A. Gambarasi, San Francisco, secretary, and Walter F. McGinty, Alameda, chief engineer.

The factory site, 18 acres adjoining the Modesto Municipal Airport, was leased from the city.

The new firm is not connected with the Stearman-Hammond concern near Mills Field, South San Francisco.

Allen J. Ward New City Judge For Burlingame

BURLINGAME, May 16—Allen J. Ward, councilman and former mayor, was appointed city judge last night to succeed R. L. Stone, who submitted his resignation to tak a world tour. Ward, candidate last year for county supervisor, is a former newspaperman from Dayton, O., and is prominent in Democratic and Knights of Columbus circles. He began his new duties today.

The council also appointed Isaac Karmel, prominent attorney, as city attorney for three months to replace John F. Davis, who is on a leave of absence due to ill health. One of Karmel's first opinions rendered the council will be whether or not Ward must resign from the council to be city judge.

Associated Dealers Offer Autoists Map

"Greatly increased motor travel throughout the entire Pacific Coast is anticipated during the coming Summer season," Harold R. Deal, advertising and sales promotion manager of Tide Water Associated Oil Co., said this week.

"Not only will the Golden Gate International Exposition on Treasure Island in San Francisco Bay serve as a magnet to bring countless thousands of visitors from all parts of the United States, but the scenic wonders of the West will provide added incentive to explore beauty spots off the main traveled highways," Deal added.

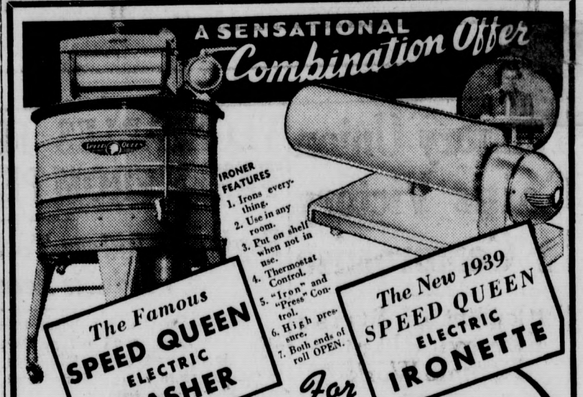
Recognizing that National Parks of the West will hold particular appeal to many who will be driving Pacific Coast highways this year, a complete new map titled "Western United States Highways" is now being distributed by Associated dealers. Of interest will be the 16 complete detailed maps of National Parks in the nine western states.

A feature of the new map is the official United States road map which gives mileage and driving time between important points.

Infantry Association Plans Annual Reunion

Members of the 34th United States Volunteer Infantry Association, of which J. Arthur Petersen of Redwood City is secretary, will hold their reunion in Sacramento May 21-24 in connection with the department encampment of the United Spanish-American War Veterans. The association includes 600 men who fought in the Philippine Islands in 1899, according to Peterson, who urges them to attend the reunion at the Travelers Hotel in the state capital.

A SENSATIONAL Combination Offer



IRONER FEATURES
1. Irons everything.
2. Use in any room.
3. Put on shelf when not in use.
4. Thermostat Control.
5. "Iron" and "press" Control.
6. High pressure.
7. Both ends of roll OPEN.

The Famous SPEED QUEEN ELECTRIC WASHER

The New 1939 SPEED QUEEN ELECTRIC IRONETTE

For 10 DAYS ONLY BOTH for $69.50

Ripley would say, "Believe it or not." Because this offer is really most unusual. The average washer costs as much as $69.50. The average ironing machine also costs $69.50. But here, all wrapped up in one "package" is a genuine 1939 model Speed Queen Washer and a new Electric, table model Speed Queen Ironer — BOTH for the combination price of $69.50! Unprecedented? Yes! But this is the sort of value-giving that has made Speed Queen one of the fastest selling lines in the country. Truly, this is an opportunity you cannot afford to miss, so come in TODAY!

All Protests Are Overruled

Highlands Police Protection District was organized by the board of supervisors Tuesday afternoon after it overruled a protest petition.

County Clerk W. H. Augustus said most of the signers did not live within the proposed district. One verbal protest by Otto Maehl was overruled.

The district is limited to an expenditure of $2400 per annum and is administered directly by the board of supervisors, according to Asst. Dist. Atty. Daniel E. Sullivan.

Other transactions of the board yesterday:

Appointed Supervisor John A. Lynch to represent the board on San Francisco Peninsula Inc.

Received payment of $600 franchise tax from Dumbarton Bridge, and fixed bridge tolls for this year at 40 cents a car and 5 cents a person.

Referred to the planning commission a counter petition of 45 names, opposing a previous petition demanding removal of greyhound kennels from Colma.

Transferred $1000 to the health department to cover expenses of rabies control measures.

Forwarded to the district attorney a petition for and preliminary report on the proposed East Palo Alto Sanitary District. The petition of 32 names was accompanied by a preliminary investigation prepared by L. Cedric Macabee, consulting engineer.

Annex Completion Expected Friday

San Mateo County's new $200,000 courthouse annex will be completed Friday—as far as PWA is concerned.

That was the statement made to the board of supervisors by Architect Will H. Toepke Tuesday.

He admitted the building would not be ready for occupancy for several weeks, but said the construction of the building itself would be complete on time. Friday, he said, is the PWA deadline.

The board granted a contract for the electrical switchboard installation to Standard Electric Co. at its bid of $2649. Toepke explained the new system would put the annex and courthouse on a single circuit, earning a lower rate.

Toepke said the board is considering murals for the annex lobby. Sketches are being prepared by the Federal Art Project in San Francisco, which now boasts some of the outstanding artists of the Pacific Coast, he said.

JUDGE COTTON IS UPHELD

The district court of appeals has upheld Judge A. R. Cotton in a decision against Harry Regan, Joseph V. Gaffey and James Murphy, all of Burlingame, who are suing the county as assignees of former County Treasurer Harry E. Jenkins for some $6300 in inheritance tax and transfer fees alleged due him. Carl W. Anderson, attorney for the plaintiffs, announced he would ask a rehearing.

Another Ferry Ride On Bay Set

Another ferry boat ride from the Port of Redwood City to Treasure Island and around the bay was assured here when Capt. L. F. Bosshardt, founder and conductor of the Junior Mariner class at the Redwood City Yacht Harbor, announced that his group had made arrangements to sponsor such a trip on Sunday, June 4.

Instead of leaving as early in the morning as did the Junior Chamber of Commerce excursion, however, the boat likely will leave about 1 p.m. and return about 9 p.m., thus giving those on the ferry an opportunity to see Treasure Island from all sides at night.

The same Key System ferry boat—the Yerba Buena—will be used, Captain Bosshardt said. Tickets probably will be $1, but better entertainment and prizes are expected to be offered, he said. The cruise will be limited to 1500 persons. Tickets will be placed on sale within a few days.

Profits from the venture will go towards purchase of a new training ship for the young mariners, who are taught rudiments of the sea by Captain Bosshardt, who has placed more than 20 youngsters in jobs.

A vaccine processed from fertile hen eggs is used to combat encephalitis, or sleeping sickness in horses.

Toastmasters Honor Myers

B. E. Myers, city clerk of Redwood City, will be the next district governor of Toastmasters International, as the result of his unanimous election Saturday night at a San Jose meeting which was featured by an extemporaneous speaking contest.

The contest was won by Stanley McNair of Gonzales, who will represent the district at the Toastmasters' convention in San Jose Aug. 10-12. Myers will take over his official duties at that time. He has been lieutenant governor. His territory extends from San Francisco and Oakland on the north to Fresno and King City on the south.

Attending the meeting Saturday night from Redwood City were Myers, his daughter, Miss Ruth Myers; Clarence J. Holt and W. Earl Whitaker, who spoke on the contest.

Mrs. Jennie Elbers Of Menlo Park Dies

Mrs. Jennie Elbers, who resided with her daughter, Mrs. Margaret Nicodemus, at Menlo Park, passed away Sunday in a San Mateo hospital. Mrs. Elbers, who was 78, was the widow of Stanley Elbers.

Sunday Parade Features Band

Nearly 2000 people paid homage to mothers and to veterans' hospitals when they gathered at the Veterans Administration Facility in North Palo Alto Sunday to fete both Mother's Day and National Hospital Day.

Starting with a parade promptly at 1 p.m. in which the Redwood City Municipal Band, directed by Bernard McCann and led by Drum Majorette Kay McGuinness, was one of the outstanding features, the observance ran as scheduled, culminating in a baseball game.

The parade, which included veterans' color guards and marching units; Boy Scouts and their band; the Italian-Catholic Federation drum corps and drill team, and many other units, took nearly 15 minutes to pass.

At the program which followed, with O. K. Whittenburg of Redwood City, DAV department commander, as master of ceremonies, talks were given on "National Defense" by Stuart R. Ward of Belmont, state vice chairman of national defense for the American Legion; by Milton C. Sapiro, past commander of Golden Gate Post 40 and past commander of the San Francisco County Council, American Legion, on "Americanism"; by Dr. P. G. Lasche', manager of the facility; by Bernard McCarron, commander of Capt. H. J. Reilly Post, USWV, and by others. A number of veterans' leaders were introduced, including Mrs. Blossom Kohnen, president of Gen. George S. Evans, Women's Relief Corps; Mrs. Mary Hayes, 26th district Legion auxiliary president; County Manager Frederick Peterson; Comm. Joe S. Farr of the United Veterans Council, Redwood City; John Vogt Jr., 26th district Legion commander; Edwin M. Walsh, department patriotic instructor for the VFW, and others.

Horse Show Possible In Big 'Cow Palace'

Use of the "Cow Palace" at Brisbane for a horse show should it be desired by Agricultural District 1-A, which had considered such an exhibit as a preliminary to the international horse show on Treasure Island June 30, has been approved by Atty. Gen. Earl Warren, who gave his opinion to C. D. Sooy, secretary of the district. Plans for the show are only in the formative stage, Sooy said, explaining that he had requested the opinion for the district board when it meets May 22. The show would be for California-bred horses only, and would be staged only if approved by officials of the Golden Gate International Exposition, Sooy added.

FULL-TIME DRIVER'S LICENSE CLERK URGED AT PATROL HERE

That the Redwood City office of the California Highway Patrol should have a license clerk on duty daily so that applicants for driver's licenses would not be inconvenienced as they are now is the belief of the Redwood City City Council.

They so expressed themselves Monday night as they acted on a motion by Councilman Evans A. Fletcher directing City Clerk B. E. Myers to write the patrol and the county's legislators urging employment of such a clerk in the office.

At present, a license clerk is here only on Wednesdays and Thursday mornings, Fletcher explained. As a result, applicants can secure licenses only on those days, and then often only by waiting in line for long periods of time.

Aid from other organizations, including the Redwood City Chamber of Commerce, is to be sought, it was decided.

2 New Businesses Open on Broadway

Opening of two new businesses on Lower Broadway, which with nearby Main St. has seen considerable activity recently, was held this week.

One of the businesses is a dress shop; the other a studio.

Proprietor of the dress shop is Mrs. Lurilla Trader of 414 Second Ave., North Fair Oaks. Mrs. Trader's shop, to be known as Lurilla's Dress Shop, is located at 2063 Broadway in the building recently remodeled by Roy W. Cloud. Women's ready-to-wear; children's clothing; blouses; dresses; hosiery and lingerie will be handled by Mrs. Trader. A large and complete stock of merchandise is to be carried, according to the proprietor. Mrs. Trader was in the dressmaking business for some years in the East.

Operator of the photographic studio at 2071 Broadway is C. D. Bates, who has named his business the Broadway Studio. Mr. Bates, father of H. C. Bates of 203 Stambaugh St., recently came to Redwood City from Detroit, where he had been for the past five years. His wife, still in Michigan, plans to come West later. Member of the Photographers Association of America, Mr. Bates is equipped to do finishing, enlarging, copying, commercial and portrait work.

Nearly Half Million Left by Mrs. Folger

Elizabeth M. Folger, who died in Hillsborough Oct. 6, left an estate valued at $475,553.08, according to an inventory and appraisal on file in superior court today. The bulk of the estate was in shares in the coffee firm of J. A. Folger & Co. of California and Nevada. The appraisal was filed by Bradford M. Melvin.

Mrs. Folger's estate was left in trust, the income to go to her two daughters and a granddaughter.

Construction Due On New Beet Dump

SAN CARLOS, May 17—Start of construction of the beet dump and scale house on Winters Rd. from whence sugar beets are grown on the San Mateo County Coastside will be shipped by rail is expected within a day or two, it was announced today after the Union Sugar Co. secured a $3000 building permit for the venture.

Georgia's 1938 peanut crop averaged 800 pounds an acre, an increase of 60 pounds over 1937.

'Forgotten Wife' Gives Up Claims

The sensational Claude W. Fellows will contest was dismissed in superior court here with approval of a stipulation by which the "forgotten wife," Mrs. Gertrude Fellows, relinquished her claim to the residue of his $250,000 estate in favor of Josephine de Martini of Menlo Park, whom Mrs. Fellows charged was her husband's mistress.

The stipulation provided that the title to the $11,000 Menlo Park home purchased by Fellows for Mrs. de Martini should remain with her upon payment of $8500 from the residue of estate to the widow.

In the contest, Mrs. Fellows alleged Mrs. de Martini, 30 years her husband's junior, induced him to write a will favorable to her. The entire estate, excepting specific bequests to two sisters and title to community property in a valuable Los Angeles ranch, went to Mrs. de Martini.

The contest was opposed by the sisters.

Famous Places Visited in Day

One hundred ten were in the party when the Adult Center of San Mateo Junior College sponsored a tour of the scenic and historic spots of the southern part of San Mateo County Saturday.

Dr. Frank M. Stanger and Fred D. Klyver of the junior college faculty lectured on the history of the places visited, the plant life and rock formations. Other speakers were Bert L. Werder, county fire warden, Mrs. A. S. Kalenborn of Redwood City, and Col. C. N. Kirkbride of San Mateo.

Man Burned as Fire Gets Out of Control

Carl Hansen, who burned grass on his property at Middlefield Rd. and Dumbarton Ave., North Fair Oaks, was burned about the face on Monday when the fire got out of control, scorched a fence, and spread to an adjoining lot. The blaze was extinguished by the San Mateo County Forest Service.

300 Freshmen Due at Sequoia

Nearly 300 incoming freshmen students have been assured Sequoia High School's enrollment for 1939-40, according to registration statistics on record with Vice Principal Julianne Wolters. McKinley Intermediate and Mt. Carmel Schools plan to send 161 pupils.

Number of students registered from other elementary schools include: San Carlos 45, Ravenswood 27, Menlo Park 21, Belmont 15, Los Lomitas 9, St. Joseph's 8, Portola 5, Woodside 3, Peninsula 2.

Isabel Garcia, regional finalist in the Lions Club speaking contest held at San Jose Sunday, and Helen Lum will represent Sequoia High School in the Northern California High Schools' State Speech Tournament at the College of the Pacific in Stockton May 26-27.

They are entering the debate, declamatory and oratorical contests. Winners will go to Hollywood for the national tournament, which will be conducted under the auspices of the National Forensic League.

Curtis Heads Belmont C. C.

BELMONT, May 17—W. E. Curtis, manager of the Belmont County Water District, today headed the Belmont Chamber of Commerce. He was elected and installed at a meeting last night.

John G. Smith was named vice president; Capt. A. T. Hasbrouck, secretary-treasurer, and Mrs. Laura Mudgette, Harry Walden and Robert Ross, directors.

Plans were made for Belmont's participation in San Mateo County Day June 11 at the World's Fair, and a committee was appointed to consider plans for a ferry boat ride on that day from the Port of Redwood City to Treasure Island.

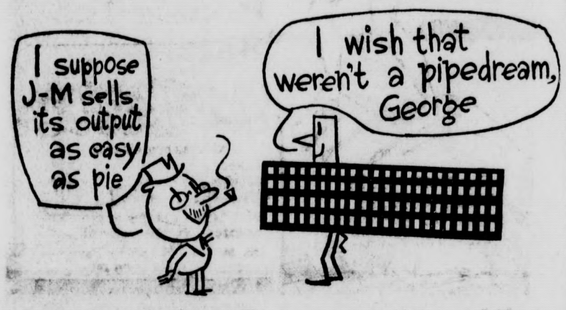
Sequoia Girls Society and Boys League aspirants for various offices began circulating petitions for their nominations. Each petition must have 40 signatures and the candidate must have a 2.4 grade point average, equal to B-minus. Petitions must be in by Friday; elections will be held the following Friday.

GEORGE THINKS IT'S A CINCH, BUT LEARNS—

Dear Johns-Manville Redwood City Plant

I assume that your company has practically no competition—that your business is pretty much of a walk-away—that you people have things largely your own way.

GEORGE CITIZEN



WE HAVE PU-LENTY OF COMPETITION. THANKS!

Dear George

Assume again.

I sometimes wish that my company had the bed of roses that you seem to think it has.

Of course, I am glad that many folks think of Johns-Manville first when they think of asbestos shingles or asphalt shingles and roofing or rock wool home insulation or many other building and industrial products. That means my company's products are, perhaps, thought of as the best in many lines.

But business these days is a stiff competitive fight for practically all companies—including mine.

My company with its factories and mines in 17 communities, makes about 1200 products. And for every one of these products we have some pretty husky competitors.

Here are the numbers of our competitors in just a few of our "lines":

Asbestos shingles	8
Asphalt shingles and roofing	34
Mineral wool	45
Acoustical materials	5
Insulating board	10
Asbestos textiles	21
Asbestos paper	10
Diatomaceous earth	12
Mechanical packing	112
Brake lining	67

Of course, these are just direct competitors. The list does not include companies making other types of materials which can be substituted for ours.

Now, mind you, I'm not kicking about this, George. Competition is what keeps business on its toes, constantly seeking ways and means to deliver greater values and service. If a company really has the stuff, this works out for the best interests of everybody since the development of better and cheaper products usually means more sales and more employment in the end.

It's the American way of doing business in a manner that constantly improves our standard of living by making it possible for more and more people to buy and enjoy more of the world's goods — thus creating more real jobs.

But, it does take a lot of fight, and the cooperation of everyone in my organization to keep me a step ahead of the field. And I assure you there is no greater satisfaction to be had than to know that up until now we have made a pretty good job of it. I'm sure it's a lot healthier condition than if I really were lying on that bed of roses that you imagine.

—Johns-Manville Redwood City Plant

Napa Man Heads State Coroners

New president of the California Coroners Association is Theodore J. Treadway of Napa County, elected without opposition last weekend at the annual convention in San Francisco. Coroner William F. Crosby of San Mateo County, who had served as first vice president during the past year, was not nominated for president.

Succeeding Crosby in the first vice presidency is N. C. Houze of Kern County. Patrick J. Freeman of Santa Cruz County became second vice president, and Earl Abbey of Santa Ana was re-elected secretary. The next convention will be at Del Monte.

Among those in attendance was Dr. J. C. McGovern, former San Mateo County coroner who is an honorary member of the association.

S. C. OFFICIAL'S KIN DIES

Funeral services were held in San Francisco Monday for Leonard A. West who died Saturday. He was the son of Mr. and Mrs. Ernest L. West, and grandson of Mr. and Mrs. John V. Clark. Mr. Clark is the city assessor and tax collector of San Carlos.

Awards Presented At Belmont Program

BELMONT, May 16 — Many awards were presented to the cadets at St. Joseph's Academy in Belmont during the program given annually as a tribute to the mothers of the boys on Mothers' Day.

Company A, commanded by Cadet Capt. Victor Jenks, received the trophy donated by Somner & Kauffman in San Francisco for the company drill. In the O'Grady drill, honors went to Lee Williamson, first; Daniel Morrissey, second, and Terence Creighton, third. The physical drill award was granted the first battalion, commanded by Cadet Maj. George Franklin.

The manual of arms was won by George Franklin, first; Thomas Ware, second, and Gerald Bussiere, third. Joseph Cipollina received the award for senior bugling; Sheldon Kiser, first, and Thomas Ware, second, for junior bugling.

Special awards were also presented. The commandants' medal was won by Anthony Franusich; the Sons of the American Revolution medal by Robert Hockwald, and the American Legion medal by Arthur Samuel. The medals for excellence in band work went to George Franklin and Sheldon Kiser, George receiving the gold one and Sheldon the silver. Victor Jenks was recipient of the athletic medal.

EXPENSIVE STAMP

LONDON (AP)—An oblong piece of dull brown paper—a £1 ($5) inland revenue stamp of 1885, sold for $437.50 at a stamp auction recently.

Event Slated On May 27-28

Although Redwood City will not be hosts this year to the regional Sea Scout regatta next Labor Day, it will be the scene of an inter-council regatta on Saturday and Sunday, May 27 and 28.

Sea Scout ships from Petaluma, Santa Clara, San Mateo and Monterey Counties will participate. W. T. Spiller, council commodore, is in charge and will direct the affair, to be held in the yacht harbor. A committee of local council skippers will assist.

The regional regatta, drawing units from all over the West, is expected to be returned here in 1940. It was held in Alameda last year and will be at Treasure Island this year.

★ ★ ★

The regional camporal for Northern California will be held at Santa Cruz' Delaveaga Park, located a mile and a half outside the city, this coming weekend. A large number of Peninsula units qualified for participation in the council camporee at Happyland 10 days ago. Units are to check in with the camporal authority by noon Saturday.

★ ★ ★

Sea Scout ship 17, San Mateo, has qualified for the Regional flagship flotilla, according to word received from C. E. Vesy, regional commodore, and Raymond O. Hanson, regional executive.

★ ★ ★

A new Sea Scout unit is being organized in Belmont for boys 15 years of age or older. Avis Partidos, formerly an active leader with the San Francisco council, will be skipper. He is a member of the Knights of Dunamis, national Eagle Scout fraternity, and holds the degree of Knight Eagle, highest granted.

Recreation Expert To Visit R. C. Soon

Maj. George W. Braden of Pasadena, Western representative of the National Recreation Commission who had a prominent part in planning some of Redwood City's recreational facilities 10 years ago, will speak here Wednesday, May 24.

City Manager C. L. Dimmitt, who with Councilman Paul A. McCarthy were two of the original members of the recreational facility planning committee, said Major Braden will inspect Redwood City's present playground equipment and facilities from 10 to 12 noon, and would lead a discussion on "Why Plan for the People's Play" at a luncheon meeting of the recreation commission and various service clubs from noon until 2 p.m.

Active in this type of work for more than three decades, the major was general director of sports and recreation for the Italian army during the World War.

A little more than a fifth of the gainfully employed in the United States are farm workers.

Extended Ambulance Service To Be Urged

BURLINGAME, May 15—Plans to supplement the present private ambulance service in San Mateo County by establishment of some type of city-county operated emergency ambulance service, possibly in connection with fire departments, were advanced today following a discussion by the directors of the Burlingame Chamber of Commerce.

Ralph McClinton, local telephone company executive, will head a committee which will confer on the plan with city and county officials as well as members on the present San Francisco-San Mateo County committee which has been studying Bayshore Hwy. first aid conditions.

McClinton pointed out that there are many emergency calls which could be responded to immediately with a municipal system whereas, under present conditions, it is necessary for private operators to determine the nature of the case and the need for the service before an ambulance can be dispatched.

It was also pointed out that because fire departments are expertly trained in first aid work and are on duty 24 hours a day, there should be no increase in cost of personnel if the service is handled through the city and county fire departments.

Conference Expenses Offered for Essays

Scholarships covering expenses of attendance at the Institute of International Relations at Mills College June 20-30 will be awarded by the local chapter of the Fellowship of Reconciliation as prizes in an essay contest open to high school and college age people.

Papers, not exceeding 1000 words in length, may be mailed to Fellowship of Reconciliation, Box 754, Menlo Park, and may be written as essays or book reviews. Essays may be on "How I Can Help to Build a Peaceful Society," or "Can a Christian Support War?" If the contestant prefers to submit a book review, he may review "Ends and Means" by Aldous Huxley, or "The Power of Non-Violence" by Richard B. Gregg. Copies of these books are found in most libraries and the fellowship has a few extra copies to lend. Papers will be judged "upon evidence of clear and careful thinking and of a sincere interest in the problems of peace." Further information may be obtained by calling Palo Alto 6871 or 5585, or by addressing a card to Post Office Box 754, Menlo Park.

GAMBLER PAYS SECOND FINE

SAN MATEO, May 18—Admitting conducting an illegal gaming table, Chan Wong, 43, paid a $100 fine to Judge Stetson yesterday, second such fine he had paid within a month on gambling charges. Four Palo Alto Chinese "visitors" arrested in the Saturday night raid forfeited $10 bail each.

TICKETS PUT ON SALE FOR JUNE 4 BOAT RIDE

Tickets for the second ferry boat ride from Port Redwood City to Treasure Island, set to start at 1:30 p.m. on Sunday, June 4, will go on sale in Redwood City tomorrow at 9 a.m., Capt. L. F. Bosshardt, instructor of the sponsoring junior mariner school, announced today.

Priced at $1 each, same as the Junior Chamber of Commerce's boat ride held in April, the tickets will be sold at Territo's Market, Bolyard's Creamery, Coats Cigar Store, Sodini's Tavern, the Tribune office, Port of Redwood City office and at the Yacht Harbor clubhouse.

Sales agencies also will be established in other Peninsula cities from Palo Alto on the south to San Mateo on the north.

Only 1500 tickets will be sold.

The ride is starting in the afternoon so that the return trip from the World's Fair site may be made by moonlight.

The ferry Yerba Buena will go first to the island, where those who desire may disembark to spend several hours at the fair. The ship then will cruise over the bay, going as far north as Richardson's Bay.

After picking up the visitors to the island about dusk, the boat will cruise around the fair site so that those on the ship may see the brilliance of the lighting effects at the Golden Gate International Exposition.

The arrival back at Port Redwood City is expected about 9 p.m.

Captain Bosshardt declared that the actual starting time of the cruise would be the advertised time of 1:30 p.m.

School Patrols Go to Fair Friday

San Mateo County will be represented on School Safety Patrol Day at the World's Fair today by a delegation of 573 school children and 67 adults in charge.

Proceeding to Treasure Island Friday morning in time to assemble in the Court of the Nation at 10:30 with more than 12,000 western patrol members, mainly from California, the delegation will enjoy a day of public tribute to the successful safety work of the patrol.

School and police authorities, parent-teacher groups, and other organizations, and district representatives of the California State Automobile Association are completing arrangements for attendance of the delegation from this area.

Ceremonies at the Court of the Nation will be followed by a parade to the Open Air Theater for lunch and a program of entertainment. Sightseeing will occupy the remainder of the day.

San Mateo County schools represented include:

Atherton: St. Joseph's.

Menlo Park: Menlo Park School.

Redwood City: Central, Garfield, John Gill, Lincoln, McKinley, Washington, McKinley Drum Corps.

Spring Revival Begun at Church

The Free Methodist Church, located at Heler and Elm Sts., Redwood City, announces the beginning of its Spring revival, with meetings scheduled for 7:45 each evening except Saturday until May 28.

Rev. W. R. Lee of Nebraska, one of the "old circuit rider" types of preacher, according to Pastor Victor Lundgren, is conducting the services.

"He is the type we used to read about who had power with God," declared the pastor. "His messages conform strictly to the old-fashioned gospel which he claims is the power of God unto Salvation. This has already proven to be true in the services."

Prayer services, open to the public, are held each day at 10 a.m. and 7:15 p.m.

Peninsula Produce To Go on Display

County Agricultural Commissioner Max J. Leonard has announced plans for a new San Mateo County exhibit at Treasure Island. The new exhibit, he said, would be in the agricultural building and would display rare and unusual table vegetables grown in the county. Crates of fresh vegetables, to be kept in refrigerator display counters, would be shipped each week, Leonard said.

Included in the products for exhibit would be black radishes, purple broccoli, anise, endive, July artichokes, romain lettuce, escarole, water cress, and other delicacies, many of which have been selected for King George and Queen Elizabeth during their Canadian visit.

$200,000 Research Fund Given Stanford

PALO ALTO, May 18 (AP) — A grant of $200,000 from the Rockefeller Foundation to Stanford University was announced by Pres. Ray Lyman Wilbur.

The fund will finance biological research by six professors over a 10-year period, beginning in July.

Studies include those of Profs. George W. Beadle into the chemistry of the gene; Lawrence Blinks in biolectric phenomena; Victor Twitty into possibilities of transplanting embryonic cells of one species on to those of another; Douglas Whitaker and C. V. Taylor into effect of environment on simple organisms; and C. B. Van Niel into plants' use of light.

SAFE PROMISE

CAPE TOWN, South Africa (AP) —"If you can take it away, you can have it," was the promise of an agricultural exhibitor at Rosebank fair, the "it" being a 100-pound prize pumpkin. Nobody did.

"Don't Pay Me One Penny Until You Have Worn My Plates for 30 Days"

No Money Down

Dr. Campbell prefers that you see and wear your plates before you pay for them by using his no money down easy payment plan. Dr. Campbell has made hundreds of plates without one penny down, and finds that patients are delighted with this policy as most people like to see and wear their plates before paying. There is no extra charge for credit, same price as cash.

(This offer applies to plate work)

These are our finest Plates. We have none better, no matter how much you pay us. NOW! Same low prices as our inexpensive rubber plates.

ON CREDIT

One-day Service for Out-of-Town Patients if Necessary

ALL THIS WEEK Special Offer—New Low Price! UPPER AND LOWER PLATES ON CREDIT 10 No matter where you live Easy Payments

DU PONT REG. U.S. PAT. OFF.

DENTAL PLATE

MATERIAL . . . so like Nature's own gums your closest friend can't tell. Plate material developed by world-famous du Pont Laboratories NOW HERE! This beautiful, moist appearing du Pont material is odorless, tasteless . . . yet with all its daintiness it is made to stand the roughest use. The light weight of du Pont or "Realistic" plate material (usually less than 1 ounce) makes it possible for Dr. Campbell to fashion a plate which will fill out your cheeks, so desirable for a youthful appearance.

PLATE REPAIRS

There's no need of buying a new plate when your old plate can be made to fit tight and look like new. Use DR. CAMPBELL'S dental laboratories for your next plate repair.

Dr. Campbell's FINEST Most Beautiful Dental Plates . . .

Made in Dr. Campbell's own laboratories. Each NATURAL shaded PORCELAIN tooth is set in the NATURAL gum-pink plate material as if it were growing there. They are so like one's own natural, healthy teeth and gums that your closest friend would never know the difference. These plates are thin, light weight (less than one ounce) and very dainty, yet they are made to stand the ROUGHEST USE.
